## BUILD YOUR DICE?

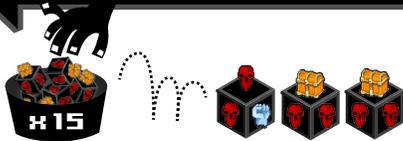

place the stickers on the dice as shown above

## GAME RULES

**A**

Choose 3 DICE from the dice box; ROLL THEM; and add them to any other dice you've rolled so far this turn

**B**

If you have 3 SKULLS showing, your turn ends; return all dice you've rolled this turn to the dice box

**C**

If you have 3 FISTS showing, return them to the dice box in order to steal a TREASURE from another player; then go to STEP (D)

**D**

Otherwise, you may choose to go back to STEP (A) to continue rolling; or you may end your turn: for each group of 3 TREASURES showing on your dice, keep 1 TREASURE; return the other TREASURES and all FISTS and SKULLS to the dice box

The player who gets 5 TREASURES first is the WINNER
